

Dear President / Principal,

UNITED WORLD COLLEGES (UWC) SCHOLARSHIP AWARDS 2023

On behalf of Liberia National Committee of United World Colleges, I am writing to inform you that there are opportunities this year for full scholarships to some of UWC schools for suitable Liberian students.

The UWCs are co-educational international residential colleges, that offer students of all races and creeds the opportunity of developing International Understanding through a program which combines high quality academic study with activities which encourage a sense of adventure and social responsibility. More information on the program is available at www.lr.uwc.org and all applicants are required to familiarize themselves with the program and its objectives before applying.

Please note that UWCs are NOT tertiary institutions, as they only offer a two year **pre-University** diploma, the International Baccalaureate (IB), which is administered by the IB Office in Geneva. The IB fulfills University entry requirements in most countries of the world, including Europe.

Application

This year, applications are open to students from 9th – 11th Grade, ages 16-19. Please select (6) of your best candidates and have them fill out the attached application form.
